HomeLink® Garage Opener*

Program your vehicle to operate up to three remote-controlled devices around your home—such as garage doors, lighting, or home security systems—using the buttons on the ceiling.

Training a Button

Park near the system you want to program, and follow the instructions in the flowchart below.

1. Position the remote transmitter you wish to link 1–3 inches (3–8 cm) from the HomeLink button you want to program.

2. Press and release the desired HomeLink button. Hold the button on the remote transmitter.
   Does the HomeLink indicator (LED) change from slowly blinking to constantly on or rapidly blinking? This should take less than one minute.
   - NO
   - YES

3. Press and hold the programmed HomeLink button for about a second. Does the device (garage door opener) work?
   - NO
   - YES

4. Press and hold the HomeLink button again. Training complete
   - HomeLink indicator rapidly blinks.
   - HomeLink LED remains on.

5. Within 30 seconds, press and hold the programmed HomeLink button for 2 seconds.

a. The remote has a rolling code. Press the “learn” button on the remote-controlled device (e.g., garage door opener).

b. Press and hold the programmed HomeLink button for about a second. Does the device work?

To retrain a button or erase codes, see the Owner’s Manual on the Owner Information CD or at owners.honda.com (U.S.) or www.myhonda.ca (Canada). If you need help, visit www.homelink.com or call (800) 355-3515.
