Homelink® Universal Transceiver*1

Program your vehicle to operate up to three remote-controlled devices around your home—such as garage doors, lighting, or home security systems—using the buttons on the bottom of the rearview mirror.

Training a Button

Park near the system you want to program, and follow the instructions in the flowchart that follows.

1. Position the remote transmitter you wish to link 1 to 3 inches (3 - 8 cm) from the Homelink® button you want to program.

2. Press and release the desired Homelink button. Is the Homelink indicator (LED) slowly flashing orange?

   YES

   3a. Hold the button on the remote transmitter. Does HomeLink indicator (LED) change from slowly flashing orange to rapidly flashing green or continuously on green? The process should take less than 60 seconds.

   NO

   3b. Canadian Garage Door Opener

   A. Press and release the HomeLink button. Press, hold and release the button on the remote every 2 secs. Does the HomeLink indicator (LED) change from slowly flashing orange to rapidly flashing or continuously on green? The process should take less than 60 seconds.

4. Press and hold the programmed Homelink button for about a second. Does the device (garage door opener) work?

   YES

   Training Complete

   HomeLink LED is continuously on green.

   NO

   5. Press and hold the HomeLink button again.

      HomeLink indicator rapidly flashes green.

   6. Press and hold the HomeLink button again. The remote-controlled device should operate.

      Training Complete

5a. The remote has a rolling code. Press the “learn” button on the remote-controlled device (e.g. garage door opener).

5b. Within 30 secs, press and hold the programmed HomeLink button for 2 secs.

To retrain a button or erase codes, see the Owner’s Manual at owners.honda.com (U.S.) or www.myhonda.ca (Canada). If you need help, call HomeLink at (800) 355-3515 or visit www.homelink.com.
